Annual License

A 12-month license subscription that renews annually.

License is assigned to a specific user (not a floating 'network' license).

Every License comes with free 1-on-1 training and the mentoring hours.

- Low up-front cost
- No long-term commitment
- Free Training with every license to learn and upskill
- Cheapest option short-term
- 24/7 support and access to all the latest features
- Assuming monthly usage, 35-50% cheaper than CSS

Perpetual License

This is Bentley's most traditional license type.

Purchase license in Year 1 and pay an annual. SELECT (Maintenance) Fee thereafter. Every license comes with free 1-on-1 training and the mentoring hours.

Shared Network License (no assignment required).

- No assignment – anyone can access
- Cheapest license option long-term (7+ Years)
- 24/7 support and access to all the latest features

Cloud Service Subscription

Bentley's pay-as-you-use license model.

Estimate your annual Bentley software needs and prepay that amount into a prepaid account.

Every quarter Bentley reviews your monthly usage and charges you for what you used. A CSS can be used on its own or combined with other license types.

- Good for occasional or short-term needs
- Monthly billing accommodates an increase or decrease in software licenses without a long-term commitment
- Easy accessibility, no assignment
- Includes 24/7 Support
